

RUBÉN ALEXIS CRUZ QUIÑONES

Web Developer

ABOUT ME

I am a student of Information Technology with technical knowledge in Graphic Design. I aspire to contribute to designing visually appealing and functional user interfaces for websites and applications.

I consider myself a self-taught person who enjoys learning extensively on my own, which are my two passions in life. I aim to join a company that allows me to apply the skills I have acquired and continue to learn more about the professional field.

► SKILLS & GENERAL QUALITIES

- Learning ability
- Analytical skills
- Teamwork
- Perfectionism
- Self-taught
- Sense of urgency
- Service-oriented
- Proactivity

► STUDIES

UNIVERSIDAD AUTÓNOMA DE NUEVO LEÓN 2021 – Present

BACHELOR'S DEGREE IN INFORMATION TECHNOLOGY

Over the past 2 years, I have had the opportunity to familiarize myself with various work methodologies that have allowed me to implement information solutions. I have worked on software development using Python, as well as building complete web applications using technologies such as HTML, CSS, JavaScript, and the Django framework. I have also utilized Git and GitHub for project collaboration purposes.

UNIVERSIDAD AUTÓNOMA DE NUEVO LEÓN 2017 - 2020

GRAPHIC DESIGN TECHNICIAN

During my degree program, I acquired technical and technological knowledge related to audiovisual tools. This allowed me to understand client requirements and provide guidance in the production of audiovisual materials, advertising campaigns, and marketing initiatives.

► LANGUAGE

English.
